to me

Hello Michael,

Firstly you just blanked me at the meeting in DARNALL when I said good evening to you?

Secondly I have sent you a few polite messages asking you to please stop mentioning us and posting our photos and information over the West Branch page, I have asked over a few days, with NO response, 2 other Branch officers told me they would remove you to get you to communicate, seems like it has got your attention and response, thankyou.

You have been writing for them without even running it through your own Branch, no biggy but we do NOT want any of our information being circulated unsolicited or unchecked by our officers, END OF. It has to be current, accurate and appropriate, or all the efforts we have made thus far are wasted.

We do NOT want continual out of date stories about UKIP and old politics.

Please let us discuss this at a decent hour.

Regards

Mark, you encouraged all members of Reform East to attend LAC meetings. We should go in cornetto not to let the opposition know we were members of the Reform Party.

Secondly I have sent you a few polite messages asking you to please stop mentioning us and posting our photos and information over the West Branch page, I have asked over a few days, with NO response

Mark, you know my email address and my phone number. I have had no correspondence from you. Also, no information as to where to meet for canvassing. I have only just found out you are using a different means of communication.

2 other Branch officers told me they would remove you to get you to communicate, seems like it has got your attention and response, thank you.

Mark, could you please give me the names and contact details plus their Reform membership numbers of the Branch officers who told you they would remove me.

You have been writing for them without even running it through your own Branch, no biggy but we do NOT want any of our information being circulated unsolicited or unchecked by our officers, END OF.

Mark, I tried to post on Reform East Facebook site but my important informative post was removed WHY?

It has to be current, accurate and appropriate, or all the efforts we have made thus far are wasted.

Mark, I took part in most of the events and they are current, accurate and appropriate. As the executive branch states, we need to come together and communicate with other branches.

We do NOT want continual out of date stories about UKIP and old politics.

Mark, I have never been a member of UKIP. I was however a member of the Brexit Party. I worked along with colleges to vet candidates to stand in The EU parliament. We had good results. I was also chosen to be an observer for the Brexit Party. I observed the Sheffield South East Count. The information I have is vital to winning the Sheffield South East Election. This is what I am promoting.

Please let us discuss this at a decent hour.

I agree, Mark. We will discuss this with the membership at the meeting Wednesday 15th October 2025

Thank you

Kind Regards

Michael Meredith

PS I see you signed off with Cert Ed. Dip FTST, NRPTT, IIHHT

Mark I also have teaching Qualifications Cert Ed, D32, D33 and D34 and more. My Qualifications were needed when I worked for the Education Department Assessing in Universities, Schools, and industry. This may be the reason I was picked to assess the count at the Sheffield South East elections. Richard Tice explained the problems he had in Peterborough. Cheating etc. The Labour party tried it in Sheffield but I stopped it.
